

2024-9-13 BSG Newsletter – Betting System Monthly Results Update

Dear all,
(This is a group mail to my [Betaminic](#) newsletter list and www.BettingSystemsGuide.com newsletter list.)

Super Short Summary of this newsletter:

1 Betting System results **-11% decrease on the bank in the last month**

Recommendations

If you are not following Betaminic strategies already, then I really recommend getting into them.

#1 Follow the [TennisBets](#). They have a high win rate and can be run with a small 25 unit bank. The tennis database is still free to access. I don't know when that will change.

#2 Follow the [9 Low Drawdown strategies](#) I follow. They seem like a solid system and can help balance out the system when BSG draws has a bad month.

Both those systems can be run easily with manual betting since they don't have a high volume of bets.

If you have Betfair, then you can automate them on Betfair. Otherwise, you can bet manually on any sportsbook.

System performance

The Betaminic Value Strategies had good results and Betaminic Tennis in particular had a fantastic month with Whitaker Staking that kept my bank reasonably level. BM Draws had a very bad month, and BSG draws had a positive month by units due to the 0-0 bot, but the other bots were all negative and with Whitaker staking led to losses

In July my starting 1k Betfair bank had seen a peak of £1,300 (+30%), but that went down to a bank low of £600 (-40%) in August. That came back up to -£19 by today thanks to the Betaminic database driven strategies.

How did each system do from Aug 17th to Sep 13th?

| | Whitaker Staking P/L (% of shared bank) | Unit P/L (Level Stakes) | Point P/L (with ESLx4 bank level stakes) |
|---------------|--|----------------------------|---|
| All 5 Systems | -11% | +9 units | +23 points of combined banks |
| BSG Draws | -10.25% | +9 units | +0.01 points of 1 system bank |
| BM Draws | -25.26% | -9 units | -0.02 points of 1 system bank |
| BM LD9 | +6.66% | +0.3 units | +0.6 points of 1 system bank |
| BM ContendUD | +6.98% | +6.8 units | +13.6 points of 1 system bank |
| BM Tennis | +22.57% | +2.1 units | +8.4 points of 1 system bank |

Recommendations

If you are not following Betaminic strategies already, then I really recommend getting into them.

#1 Follow the [TennisBets](#). They have a high win rate and can be run with a small 25 unit bank. The tennis database is still free to access. I don't know when that will change.

#2 Follow the [9 Low Drawdown strategies](#) I follow. They seem like a solid system and can help balance out the system when BSG draws has a bad month.

Both those systems can be run easily with manual betting since they don't have a high volume of bets.

If you have Betfair, then you can automate them on Betfair. Otherwise, you can bet manually on any sportsbook.

ApostasBF Automation

ApostasBF automation paused on September 3rd, so 4k of my bank is on pause, too while I wait to see what happens. I don't want to move funds around too much so I will continue with the Betfair 1k bank. When possible, I will make manual Tennis and Betaminic manual bets on ApostasBF, but for the sake of simplicity I will just show my Bf Bot Manager results since I can easily provide screenshots that clearly show the strategy performance.

The current status of ApostasBF is that Cid is trying to negotiate with Betfair to allow him to keep running his white label for non-Brazilian residents. Betfair is dragging their feet on making this happen. They said Cid could keep going, but then cut off bet placement, and that is the situation now. Betfair said one thing but did another. It is probably a disconnect between the business department and the technical department. We will just have to wait and move forward at the speed Betfair allows.

Currently a 2nd exchange has been added. It is powered by Matchbook markets but the ApostasBF version has much more liability. Matchbook has much fewer markets than Betfair which is a real shame. Automated betting for that exchange is planned but will take time to setup.

BSG changes

With the poor performance of BSG draws recently, I again went back over my available long term data and made changes. I will keep the BSG 0-0FT and 0-0HT bets, but change the trigger trend for the 2 pre-match FT draw bets and 3 in-play FT draw bets to use a variant of the BSG core trend. The variant is called **BSG4** by me and [bsgDrawLeagues](#) on TippingSports, and it very simply adds a "league matches only" filter to the original BSG trend filters.

This is based on 1 month's data from the last 456 core trend pre-match draw BSG1 bets, during that time BSG1 had a 31% win rate from 456 bets making -19.7 units loss and a -4.32% ROI. But BSG4 had a 34% win rate from 280 bets making +11 units profit and a +3.90% ROI.

| BSG1 core trend pre-match draw bets | | | BSG4 core trend pre-match draw bets | | |
|-------------------------------------|---------|--------|-------------------------------------|--------|--------|
| -£1.97 | 142/456 | 31.00% | £1.10 | 95/280 | 34.00% |

I will keep the 0-0 bets from BSG1 since that still has proven value and still made profit during this negative BSG1 period. I don't have enough 0-0FT data for BSG4 yet, so I will keep monitoring that data.

Whitaker Staking again beats level stakes significantly.

Level stakes was -128 units on August 17th and that went down another -118 units to a total of -246 units by September 12th. If we use a ELSx4 level stakes bank of 668 units, the level stakes bank would be on 422/668 units or 66% of its starting level which is a -34% drop from the original bank. Whitaker Staking, on the other hand, has kept the bank at 98% of its starting level in the same period.

WARNING: Past data DOES NOT guarantee future profits, but it gives a smarter way to plan betting systems than other methods. Read the material until you understand the strategies. Don't use systems you don't understand. Don't rush into things. ALL betting systems carry the risk of losing ALL your bank. Betting is NOT an investment and in no way to be considered a viable "second income" or "retirement income". Do not use this or any betting service unless you understand and accept that. Big data betting is a smarter way to bet, but it is still gambling.
